

Recognizing & Assisting the Troubled Employee

Always coming in late. Personal calls that just won't end. An absence each week for months. Lost productivity on the job. A look of unkemptness. Physically there, but not mentally there. Poor work relationships. Customer complaints.

Is your business being affected by a troubled employee?

- Identify the cause of the performance-related problems
- Learn the benefits of early identification and bottom line impact
- Understand how to document and give proper feedback on poor performance
- Implement security measures when needed
